

got college plans?

You can start planning this summer. Let us help!

College planning advice will be offered by volunteers from the district's College Corps Program, who are experienced on every aspect of the college application process, in English and, with the help of interpreters, in Mandarin, Korean, Vietnamese, Spanish and Japanese.

WHO SHOULD ATTEND?

Bellevue School District parents and their 8th, 9th and 10th grade students

WHY?

To learn about what students should be doing in 9th, 10th and 11th grades to help them choose a college, apply for financial aid, and apply for college; what parents should be doing to help them; and what students could be doing this summer to start planning.
